

LUMBER LIVE DEMO

DATE: Wednesday, August 20

TIME: 11:00 PM – 12:00 PM PST

LOCATION: Via Zoom

Discover how to streamline every aspect of your operations with AI and automation. Join us for a live demonstration of Lumber, the AI powered all-in-one construction workforce management platform built for modern contractors. From hiring and onboarding to payroll, time tracking, and real-time project management—Lumber helps you take control of your construction operations with a single, integrated solution. Whether you're looking to improve efficiency, reduce manual errors, or gain full visibility into your workforce, Lumber is built to scale with your team—from field to office.

What You'll See:

- **HR + Payroll Simplified:** Centralize employee records, automate payroll, manage benefits, and stay compliant with labor laws and OSHA standards—all in one place.
- **Smart Time Tracking:** Geo-fenced tracking, Spanish-language timesheet submission, and integrations with 20+ payroll platforms.
- **Real-Time Project Oversight:** Monitor job costing, timecards, and project status with live updates from the field.
- **Scheduling Made Simple:** Instantly share tasks, updates, and assignments across your teams for seamless collaboration and fewer delays.
- **Benefits Administration:** Tap into expert guidance to streamline your benefits strategy and retain top talent.
- **App Integrations:** Easily connect Lumber with your existing software stack.
